## Water

Water is a precious commodity that we often don't appreciate until it becomes scarce. For many people, water conservation is a way of life. The rest of us may need a little help making the most of this precious resource. That's why we created **Lowes.com/H2O**. Here you'll find information on conserving water in your:

- [Landscape](#)
- [Lawn and garden](#)
- [Home plumbing system](#)

Water-saving techniques can reduce the amount of pollutants entering rivers, lakes and streams.
